- Developing local human resource
- Promoting research in the field of Hepatology

About The Health Foundation (THF-Pakistan)

THF is a non-profit public service organization. It is a group of likeminded individuals who are concerned about the general health of the marginalized and poor community. This group consists of successful entrepreneurs, experienced physicians, and academia and media personnel. Each member brings social consciousness and a wealth of experience in their respective fields. By working together on a common platform they all contribute towards achieving the organization vision of "striving for a healthier Pakistan". Initial focus of THF is Hepatitis Prevention and Control in Pakistan specifically working on awareness, prevention and treatment of Hepatitis B and Hepatitis C.

About the present MOU:

This MOU has been conceptualized to build a relationship among PARSA Trust and THF for mutual support for Control and Prevention of Hepatitis C in Punjab/Islamabad. It will be a center based project with Al Raee Hospital, Gujranwala, as the key sentinel site catering to the poorest of the poor Hepatitis C patients being provided services through them. Data and experience sharing will be a key component of the agreement.
